Audience	Listing agents and principals

Agency name: Northline

Vertical: Australian residential real estate

This pack is the source of truth for approved commission rates, proof points, and talk-tracks. Upload it in Cornerman Playbook to update Learn, cue cards, scoring, and thin firm facts for voice drills.

■ 2. COMMISSION CARD (EX GST)

Marketing is billed separately unless a campaign package says otherwise.

Standard commission	2.8%
Floor (principal approval)	2.2%
Competitor often quotes	1.9%

Standard commission: 2.8%

Floor (principal approval required below): 2.2%

Competitor often quotes: 1.9%

■ 3. RULES FOR AGENTS

- Do not open with a discount. Discover what the lower quote includes first.
- Clarify appraisal quality, marketing spend, and negotiation support before moving fee.
- Never invent a commission below the 2.2% floor without principal approval.
- Trade campaign scope before any percentage movement.

■ 4. PROOF POINTS AGENTS SHOULD CITE

- Fresh suburb comps refreshed weekly for appraisal conversations
- Open-home and digital campaign pack included in listing kickoff
- Negotiation support through unconditional exchange
- Weekly written seller updates during the campaign
- Clear campaign timeline with inspection cadence and vendor reporting
- Transparent marketing schedule and spend options (print + digital)

■ 5. FEE OBJECTION - APPROVED PLAY

When a seller says commission is too high vs another agency:

- Ask what the lower quote includes (marketing, appraisal depth, after-sale support).
- Anchor on local evidence, the campaign plan, and negotiation support.

- Review campaign scope before discussing any concession.

Never: match the competitor 1.9% in the first reply.

Example line: "Before we talk percentage - what does their 1.9% include for marketing and negotiation through to exchange?"

■ 6. OTHER OBJECTION CUES

Already have an agent - Respect the relationship; ask when their agreement ends; offer a no-obligation appraisal later.

Not interested / not selling now - Stop pitching; ask about timeframe; seek permission for a later market check-in.

Need to think it over - Summarise value; agree a clear next step and follow-up date.

■ 7. LISTING FAQ

Q: Is an appraisal a formal valuation?

A: No - it is an estimate based on local comparables and property condition, not a bank valuation.

Q: Who pays for marketing?

A: Marketing is separate from commission unless a campaign package says otherwise.

Q: Can we do a no-obligation appraisal?

A: Yes - with agreed success criteria; do not pressure sellers who clearly refuse.

Q: Can we go below 2.2%?

A: Only with principal approval. Do not invent a lower rate in the room.

Q: How do we talk about GST?

A: Quote commission ex GST unless the seller asks for inclusive figures; be explicit which you mean.
